

# MOTHERS IN MAY

## ***IF SOMETHING IS WORTH DOING, IT'S WORTH DOING RIGHT***

I think we are in the most exciting era to be raising goats. There's more knowledge about health and nutrition than ever before. Advances in reproductive technology that allow us to create amazing genetics. Safe and reliable transport options that actually know goats. Instant communication and access to databases. And now the opportunity for exciting sales happening right in your own barn. To me, nothing will replace the excitement and energy of the National Spotlight Sale, but let's see if this comes close!

## ***GO BIG OR GO HOME***

I love a good sale. And with the success of the kid online sales, I decided to go a step further. Call me crazy, but I wanted to see if offering high quality milkers online would be successful too. So, I put together a few of our best. Young, healthy, fancy does, ready to go to work in your herd, whether it's a showring or a milking parlor.

## **Tempo Passa Stand Good Girl AA2371790**

DOB 1/26/24 2<sup>nd</sup> freshening 2 yr old, fresh 3/24/26

'25 2x1st, 7x2nd as a milking yearling

Yes, look at that udder! But while you are looking, check out her correct general appearance too.

Good Girl is linebred on some of the highest quality Alpines in the US. There simply are not a lot of does that can count three National Champions in their top ten genetic contributors. Every doe LISTED in her direct maternal line is a GCH, EX91-95, BIS winning doe. Her sire comes from three generations of does that scored FS93-95. And she shows every bit of that potential. She's not a fluke, her quality comes naturally, not by accident.

## **Tempo Aquila Free Russet AA2297452**

DOB 4/19/26, 2<sup>nd</sup> freshening 3 yr old, fresh 3/18/26

Russet was an immature FF last year, but came on strong this year! So worth the wait! She is so balanced and correct, with an elegant presence and she simply glides as she walks. She starts out with a chiseled head, follows with a long lean neck that blends smoothly into a strong front end, and then goes into a level top and beautiful wide, flat rump. She has correct feet and legs that move easily around a strongly attached udder with an especially high and wide rear udder. She's simply a beautiful, complete package that's ready to go for you.

## **Tempo Aquila Brown Stiletto AA2372277**

DOB 3/14/24, 1<sup>st</sup> freshening 2 yr old, fresh 2/1/26

Stiletto is a stunning doe from every angle! No, she's not brown, but she is sired by Tempo Aquila Big Brown, making her a paternal sister to our '24 National Show 1<sup>st</sup> place 2 yr old, GCH Tempo Aquila Brown Tweed. Stiletto has tons of color, and tons of personality! She's a fun doe that would make anyone her friend. She's a big girl, with a wide rump and deep powerful front end. Her udder has a lovely high rear udder, beautiful shape, and near ideal teats.
