

SEMEN SALES LIST-

We have semen available from most of our sires, both foundation animals and our more contemporary bucks. We do have a \$100.00 minimum on semen purchases, although that can be combined with other people, as long as the semen is transferred at one time. I can deliver semen to convention and Nationals, and will sell here at the farm. Since Nationals and convention are very busy times for me, it is best if you contact me both before and during the week. Email (lauren@ruhigestelle.com) is the best way to reach me at home. I can be reached by Messenger, text at 503-781-7898, or email at lauren@ruhigestelle.com. Sorry, due to semen being left here for extended times, unless prior arrangements are made, all semen sold must be picked up by 12/31 or ownership will revert back to me, with no refunds.

DISCOUNTS!-

We offer a 10% discount on full canes, OR a 20% discount on semen sales of \$1000 or more.

Free shipping to Nationals/Convention on all semen! Note- While I will consider reasonable offers on liquidation semen, normal discounts do not apply to liquidation semen.

SHIPPING-

We will ship semen if you send us a vapor shipper. We cannot provide one. To ship semen, simply send a shipper to us with a prepaid return postage label and we will return it on the next business day. To prevent delays, let me know when your shipper is to arrive to make sure I am not out of town.

All semen shippers must be sent by Fed Ex or UPS. There will be a week delay if it is sent by USPS. Please DO NOT send anything requiring a signature. There is a good chance it will be returned as I am frequently not here when they are delivered. We are happy to put semen from multiple purchases in one shipper if you desire to combine a shipment with friends. There is a \$75 fee if the shipper requires recharging.

SEMEN LIQUIDATION!

We have decided to liquidate a lot of inventory, just keeping back the straws that we will likely use in the next few years. These sires range from some incredible contemporary bucks, to several of our foundation sires, to very usable bucks that are priced for someone beginning AI. Note that with a few exceptions, the semen sells in full lots and is priced per lot, not per straw. Free delivery to Nationals or Convention. Also note that unless prepurchased, I will not be transporting this semen. See inventory lists at the end of each breed below.

+*B TEMPO PASSA ELTANTOR

born 1/18 American \$50 each

Tantor reminds me so much of a Saanen version of Yukon Jack that I catch my breath every time I look at him. Same depth of pedigree, same dairy strength and general appearance, and same great personality. 'Tank' is from Elenya, AI sired by Elander. That makes him a paternal brother to WinCatcher and Elentera, and a maternal brother to Prince Edward. 'Tantor' was Tarzan's elephant, so that gives an idea of Tank's size! Tank's daughters are very exciting, with fancy udders and lots of milk, on bodies with strong general appearance and true dairy strength.

*B TEMPO PASSA ENFORCEABLE

born 3/20 American \$50 each

With four generations of SGCH, FS91-93 does, all with records over 3,700 lbs, we were hoping for big things from Force's dam Etoilee, aka Starry. She did everything possible as a 2 yr old, including a FS89 EEEE, won two legs towards her SGCH at our major state fairs, and milked nearly 3,800 lbs as a first freshening 2 yr old. We weren't expecting her to top that with a FS94 and National Champion! Talut was one of the most influential sires we have used. He sired 15 champion daughters to date, and was National Show Premier Sire at least twice. He has six different first place milking daughters at the National Show, including SGCH dR WinSeeker 3*M, 2008 National Champion and Best Udder. Force's first yearlings are coming in very nicely, and include the 1st place milking yearling at '22 Nationals! Another daughter recently scored FS91 EEEE while on an extended lactation. Force has been sold for export, this is all that's left!

SG++*B TEMPO AQUILA HANDYMAN 11-2 FS93 EEE

\$50/straw

When did Handyman get to be 12 years old??? Time flies, but he's just as handsome and correct as ever. Handyman has created his own legacy with strongly productive daughters that have earned him Elite Sire status. He is noted for siring daughters with strong general appearance and correct well supported udders that can work in the milking parlor or the showing. Handyman has at least 8 GCH daughters, including [SGCH Tempo Aquila Mazzei 6*M](#), 8-5 FS93 EEEE, 5-01 305 4403 125 2.8% 117 2.7%, '19 & '21 [ADGA Nat'l TOTAL PERFORMER AWARD](#), [GCH Tempo Aquila Plain and Brown 3*M](#), 4-5 FS91 EEEE, '19 District 7 Alpine Specialty GCH as a first freshener, and [GCH Tempo Aquila Trippin' Free 3*M](#), 5-4 FS93 EEEE, '19 ADGA Nat'l Jr Champion, grown up to be 2xBIS at the competitive NWODGA show! +*B TEMPO AQUILA LIVINGSTON (deceased)

born 11/18 American chamoise \$50/straw

Livingston is Living's last gift to us, a buck kid that is the image of his dam. I have been blessed to breed some influential bucks in my time, Radical, Freelance, Yukon Jack and Handyman. As the Livingston daughters mature, he may well prove to be the best yet. His first kids were fancy, and now they are maturing into amazing milkers. Structurally correct with level toplines and strong front ends, they are freshening with capacious udders with wide rear udders, great fore extension, and strong medials and correct teat placement. They are hard workers and willing to milk extended lactations, all while traveling a rigorous show circuit.

TEMPO AQUILA STANDING FREE

born 3/22 American sundgau \$40/straw

I was impressed with the Bismarck daughters when I saw them in person in 2020. Crossing him with herd favorite Trippin' Free resulted in a buck with the length and levelness and general style I anticipated. Stand's first kids are fancy, with level tops, pretty heads and nice feet and legs, and his first yearling has a lovely udder with near ideal teat placement.

SEMEN LIQUIDATION!

We have decided to liquidate a lot of inventory, just keeping back the straws that we will likely use in the next few years. These sires range from some incredible contemporary bucks, to several of our foundation sires, to very usable bucks that are priced for someone beginning AI. Note that with a few exceptions, the semen sells in full lots and is priced per lot, not per straw. Free delivery to Nationals or Convention. Note that unless prepurchased, I will not be transporting this semen. See Saanen liquidation sires at the end of the Saanen list above.
